FlashScan V1

1. Connect your **FlashScan V1** device to your PC.
2. Open the **EFILive V7 Tune Tool** application.
3. Click on the **Help** menu and select the **FlashScan V1 PCM licensing...** menu option.
4. Select the **Authenticate** tab.
5. The **Serial Number** will be shown in the **Serial:** field.
6. The **Authentication (Auth) Code** will be shown in the **Auth Code:** field. **Note: An Auth Code is not applicable to a Scan Only product, only Scan and Tune devices.**
